CONCEPT AND PURPOSE

Prep All-Stars Exposure Clinics were created to give players a chance to learn the game from top coaches and to compete against other great players.

CLINIC FEATURES

The clinic is for advanced players in grades 9-12. Every participant will play in at least three games. This is your chance to go head-to-head with some of the best competition at the clinic. Also, Prep All-Stars offers players a chance to learn skills and advanced basketball concepts. Our coaches work well with the players to give them quality instruction as well as honest evaluations.

Program Director for the event will be **former WNBA star, Andrea Stinson**. She will be very involved during the clinic with instruction and counselling that will be beneficial for the participants.

EXPOSURE

Over 200 college coaches attended our events this past year. **GirlsHoopsCout** evaluators will give each participant in the clinic a rating and make that information available to any college or university in the country.
